VISION, MISSION & CORE VALUES

OUR VISION

To become a trusted and leading contracting company in the Kingdom of Saudi Arabia by delivering sustainable civil infrastructure, industrial construction, and project support solutions that contribute to the growth of the Kingdom and its future development initiatives.

OUR MISSION

- Deliver high-quality construction and infrastructure solutions.
- Maintain the highest standards of safety and quality.
- Build long-term relationships with clients through trust and performance.
- Execute projects efficiently while meeting project requirements and deadlines.
- Continuously improve our capabilities, resources, and professional expertise.

CORE VALUES

QUALITY

We are committed to delivering services that meet client expectations and industry standards.

SAFETY FIRST

We prioritize the health, safety, and well-being of our workforce, clients, and stakeholders in every project we undertake.

INTEGRITY

We conduct our business with honesty, transparency, and professionalism.

RELIABILITY

We consistently fulfill our commitments through efficient planning and execution.

TEAMWORK

We believe that collaboration and mutual respect are key to achieving project success.

EXCELLENCE

We continuously strive for improvement and excellence in every aspect of our operations.

OUR SERVICES

Wafaq Company provides a wide range of construction, infrastructure, and project support services tailored to meet the needs of our clients across various industries.

We are committed to delivering high-quality results through skilled resources, modern equipment, and strict adherence to safety and quality standards.

OUR COMMITMENT

We are dedicated to delivering safe, reliable, and cost-effective solutions by maintaining the highest standards of quality, integrity, and professionalism in every project we undertake.

OUR CORE SERVICES

1. CIVIL CONSTRUCTION

Construction of buildings, industrial facilities, infrastructure works, and associated civil structures.

2. EARTHWORKS & EXCAVATION

Site preparation, excavation, backfilling, grading, and land development works for various projects.

3. CONCRETE WORKS

Structural concrete, reinforced concrete works, foundations, slabs, columns, beams, and retaining structures.

4. STEEL STRUCTURE WORKS

Supply and installation of steel structures for industrial buildings, warehouses, and other facilities.

5. SUBSTATION CIVIL WORKS

Civil construction for substations, equipment foundations, cable trenches, and related infrastructure.

6. MAINTENANCE SERVICES

Building and infrastructure maintenance, repair works, and Facility Management services.

7. PROJECT SUPPORT SERVICES

Project planning, coordination, logistics, documentation, and other support services to ensure smooth execution.

8. MANPOWER SUPPLY

Provision of skilled, semi-skilled, and unskilled workforce to meet project requirements.

9. HSE MANAGEMENT

Health, Safety & Environment management services to ensure safe working conditions and compliance with regulations.

ADDITIONAL SPECIALIZED SERVICES

1. ROTATING EQUIPMENT

- Repair
- Overhauling
- Shaft Alignment
- Machining
- Commissioning

2. CHEMICAL CLEANING

- Close Loop, Open Loop, Cascading, Vapor Phase Cleaning (Degreasing, Acid Cleaning, Passivation and neutralization)
- Foam Cleaning
 - Lube Oil Flushing
 - Lube Oil, Mineral Oil, Turbine Oil, Hydraulic Oil Cleaning and Filtration
 - Nitrogen Purging, Filling
 - Solvent Cleaning
 - Mothballing
 - Decruding

4. SHUTDOWN & TURNAROUND SUPPORT SERVICES

- Bolt Torquing / Tensioning
- Cold Cutting
- Hydro Test
- Hydro Jetting

8. FABRICATION

- Structural Fabrication and Erection
- Skid Fabrication
- Pipe Spool Fabrication and Installation

QUALITY ASSURANCE

We follow strict quality control procedures and international standards to ensure excellence in every phase of our services.

QA/QC COMMITMENT

At Wafaq Company, Quality Assurance and Quality Control are at the heart of everything we do. We are committed to delivering projects that meet the highest standards of quality, safety, and reliability through a strong QA/QC culture, competent personnel, and proven processes.

OUR QA/QC COMMITMENT

We are committed to implementing effective quality management systems, complying with applicable standards and specifications, and continually improving our processes to ensure client satisfaction and long-term success.

OUR QA/QC CORE PRINCIPLES

QUALITY FIRST

Quality is planned, built in, and continuously improved.

COMPETENT PEOPLE

Our qualified team ensures quality at every stage.

PROCESS DRIVEN

Standardized processes ensure consistency and effectiveness.

CONTINUOUS MONITORING

Regular inspections and audits ensure compliance and quality.

CLIENT SATISFACTION

We deliver quality work that exceeds client expectations.

QUALITY IS BUILT IN EVERY STAGE

DESIGN & PLANNING

PROCUREMENT

EXECUTION

TESTING & INSPECTION

COMMISSIONING & HANDOVER

Every stage is controlled, verified and documented to ensure complete quality and compliance.

QA/QC OBJECTIVES

- ✓ Deliver projects in compliance with contract requirements and international standards.
- ✓ Ensure adherence to quality procedures and specifications.
- ✓ Prevent defects through inspection, testing, and continuous monitoring.
- ✓ Ensure proper documentation and traceability of all quality records.
- ✓ Promote a culture of quality, safety, and continuous improvement.

OUR QA/QC PROCESS

OUR COMMITMENT IN ACTION

- ✓ Strict compliance with ISO 9001 Quality Management System
- ✓ Adherence to international standards and client specifications
- ✓ Use of calibrated equipment and approved inspection tools
- ✓ Qualified QA/QC engineers and inspectors on site
- ✓ Complete documentation and record keeping
- ✓ Timely reporting and effective communication

At Wafaq Company, we don't just meet standards—we set them.

Our unwavering QA/QC commitment ensures we deliver safe, reliable, and high-quality projects that build trust and long-term partnerships.

HEALTH, SAFETY & ENVIRONMENT (HSE)

OUR COMMITMENT TO SAFETY

Wafaq Company is committed to maintaining the highest standards of Health, Safety, and Environmental practices across all projects and operations. Safety is an integral part of our work culture and project execution strategy.

HSE POLICY

- Safety is the **responsibility of every employee**.
- All work activities shall be carried out in accordance with **approved safety procedures**.
- Employees receive regular **HSE training and awareness programs**.
- **Risk assessments and Toolbox meetings** are conducted before commencing any work activities.
- The use of **Personal Protective Equipment (PPE)** is mandatory at all project sites.
- Continuous **monitoring, inspections, and audits** are conducted to ensure compliance with HSE standards.

HSE OBJECTIVES

- ✓ Prevent workplace incidents and injuries
- ✓ Ensure compliance with client and regulatory requirements
- ✓ Promote a safe and healthy working environment
- ✓ Protect personnel, equipment, and project assets
- ✓ Minimize environmental impact
- ✓ Encourage continuous safety improvement

**SAFETY
FIRST**

**PROTECT
PEOPLE**

**PROTECT
ENVIRONMENT**

**ENSURE
COMPLIANCE**

SAFETY MANAGEMENT PRACTICES

BEFORE WORK

- Toolbox Talks
- Risk Assessment
- Work Permit Verification
- PPE Inspection

DURING WORK

- Site Supervision
- Safety Monitoring
- Compliance Audits
- Hazard Identification

AFTER WORK

- Site Inspection
- Incident Reporting
- Corrective Actions
- Continuous Improvement

HSE COMMITMENT

Wafaq Company believes that all incidents are preventable and remains committed to achieving a safe, healthy, and environmentally responsible workplace for employees, clients, and stakeholders.

PROJECT SUPPORT SERVICES

Reliable Support. Seamless Execution.

At Wafaq Company, we understand that the success of any project depends on strong planning, coordination, and efficient support at every stage. Our Project Support Services are designed to assist clients and contractors in achieving smooth operations, optimal resource utilization, and timely project completion.

OUR PROJECT SUPPORT SERVICES

PROJECT PLANNING & COORDINATION

Detailed planning, scheduling, and coordination to ensure efficient project execution.

SITE SUPPORT & SUPERVISION

On-site technical support, supervision, and monitoring to maintain high performance standards.

MANPOWER SUPPLY

Provision of skilled, semi-skilled, and unskilled workforce to meet project requirements.

EQUIPMENT & TOOL SUPPORT

Supply of tools, tackles, lifting equipment, and site machinery to support project activities.

LOGISTICS & TRANSPORTATION

Reliable transportation and logistics support for materials, equipment, and personnel.

MATERIAL MANAGEMENT

Efficient handling, storage, and tracking of materials to ensure smooth project flow.

SAFETY & COMPLIANCE SUPPORT

Implementation of safety standards and compliance with project and client requirements.

DOCUMENTATION & REPORTING

Accurate documentation, reporting, and communication for transparent project management.

KEY BENEFITS

- ✓ Improved Project Efficiency
- ✓ Reduced Operational Downtime
- ✓ Cost-Effective Solutions
- ✓ Skilled & Experienced Support Team
- ✓ Compliance with Industry Standards
- ✓ Focus on Quality, Safety & Timely Delivery

OUR COMMITMENT

We are committed to delivering dependable project support solutions that enhance productivity, ensure safety, and contribute to the overall success of our clients' projects.

OUR APPROACH

We follow a systematic and client-focused approach to deliver successful projects with highest standards.

01 UNDERSTAND

We listen and understand client needs and project requirements.

02 PLAN

We plan effectively with the right resources and technology.

03 EXECUTE

We execute with precision, safety and quality assurance.

04 MONITOR

We monitor progress closely and ensure transparency.

05 DELIVER

We deliver on time with quality and drive long-term value.

WHY OUR APPROACH WORKS

PROVEN EXPERIENCE

Years of experience delivering complex projects successfully.

STRONG FOCUS ON SAFETY & QUALITY

Safety and quality are at the core of everything we do.

SKILLED & DEDICATED WORKFORCE

Our professionals bring expertise, dedication, and a commitment to excellence.

MODERN EQUIPMENT & TECHNOLOGY

We use advanced technology and equipment for better results.

ON-TIME DELIVERY & COST EFFICIENCY

We deliver projects on time while ensuring cost efficiency.

CONSTRUCTION OF QURAYYAH-4 380kV BSP

CIVIL CONCRETING & BLOCK WORKS

CLIENT
Larsen & Toubro
Saudi Arabia LLC

LOCATION
Qurayyah,
Saudi Arabia

PROJECT OVERVIEW

Wafaq Company is executing Civil Concreting and Block Works for the Construction of Qurayyah-4 380kV BSP Project.

The works are being carried out in strict accordance with SEC Standards, SEC-EOA requirements, standard practices and PTS-24EN390.

The scope includes excavation support, reinforced concrete foundations, structural elements, block masonry works and all associated civil construction activities.

All works are executed with high standards of quality, safety and timely progress under the supervision of experienced professionals.

SCOPE OF WORK

- ✓ Site Preparation & Setting Out
- ✓ Excavation Support Activities
- ✓ Lean Concrete & Blinding Works
- ✓ Reinforced Concrete Foundations
- ✓ Concrete Pedestals & Structures
- ✓ Block Masonry Works
- ✓ Structural Concrete Works
- ✓ Formwork & Shuttering
- ✓ Reinforcement Fixing
- ✓ Concrete Pouring Activities
- ✓ Finishing & Repair Works
- ✓ Engineering Supervision
- ✓ Quality Inspection
- ✓ HSE Compliance

PROJECT NAME

Construction of Qurayyah-4 380kV BSP

WORK OF SCOPE

Civil Concreting and Block works in line with scope matrix, SEC standards, SEC-EOA's standard practice & requirements and PTS-24EN390

WORK IN PROGRESS – CONSTRUCTION ACTIVITIES

QUALITY & SAFETY COMMITMENT

- ✓ Works executed in line with SEC standards
- ✓ Regular quality inspections and checks
- ✓ HSE procedures strictly implemented
- ✓ Skilled workforce and modern equipment
- ✓ Zero compromise on safety and quality

PROJECT HIGHLIGHTS

- ✓ High quality construction
- ✓ Adherence to SEC-EOA requirements
- ✓ Compliance with PTS-24EN390
- ✓ Timely progress and reporting
- ✓ Experienced technical team

EQUIPMENT & MACHINERY

- ✓ Excavators
- ✓ Concrete Mixers & Pumps
- ✓ Vibrators & Compact Machines
- ✓ Tower Lights
- ✓ Survey Equipment

PROJECT OVERVIEW

Wafaq Company successfully executed Cable Glanding and Termination Works for the Construction of Al Aridh-2 132/13.8kV Substation in Riyadh.

The project involved skilled electrical manpower, engineers, supervisors, and technical personnel to perform cable preparation, cable termination, testing support, and electrical installation activities in accordance with project specifications and quality standards.

Our team ensured safe execution, proper cable management, accurate termination practices, and compliance with client requirements throughout the project lifecycle.

SCOPE OF WORK

- ✓ Cable Glanding Works
- ✓ Cable Termination Works
- ✓ Power Cable Installation Support
- ✓ Control Cable Termination
- ✓ Electrical Installation Activities
- ✓ Testing Support
- ✓ Engineering Supervision
- ✓ Safety Management
- ✓ Skilled Manpower Deployment

PROJECT HIGHLIGHTS

- ✓ 132/13.8kV Substation Infrastructure
- ✓ Professional Cable Termination Works
- ✓ Electrical Installation Activities
- ✓ Quality & Safety Compliance
- ✓ Skilled Electrical Workforce

PROJECT COMPLETION OVERVIEW

Wafaq Company successfully completed the Rehabilitation of South Dhahran 380/115kV BSP Substation in Dammam Area for Siemens Energy.

The project was executed with strict adherence to safety, quality and project specifications, ensuring reliable operation of substation facilities and electrical infrastructure.

All works were completed on time with zero compromise on quality and safety standards.

KEY ACHIEVEMENTS

- Successful Rehabilitation Works
- Mechanical System Restoration
- Electromechanical Installation Support
- Cable Management & Termination
- Testing & Commissioning Support
- Quality Assurance Compliance
- Safe Project Execution
- Timely Project Completion

PROJECT OVERVIEW

Wafaq Company successfully executed HCIS Building & Entrance Miscellaneous Civil Works at the Layla Solar Power Project for JAKSON ARABIA LIMITED.

The project included the construction of critical security and operational facilities including Guard House, Security Control Centre, Visitor Centre, and X-Ray Inspection Building.

Our team delivered the project with skilled manpower, advanced equipment, and strict adherence to quality, safety, and HSE standards.

SCOPE OF WORK

- Excavation & Earthworks
- Foundation Construction
- Reinforced Concrete Works
- Civil Structural Works
- Architectural Finishing Works
- Installation of Doors & Windows
- Hardware, Bolts & Fixings
- Site Development Works
- Skilled Manpower Deployment
- Quality & HSE Compliance

PROJECT ACHIEVEMENTS

- Successful completion of HCIS facilities at Layla Solar Power Project.
- Delivered all works on time as per client schedule.
- Maintained highest quality standards as per client specifications.
- Zero major safety incidents during the project execution.
- Effective manpower deployment and site management.
- Full compliance with HSE & quality management requirements.
- Client satisfaction and project acceptance.

PROJECT OVERVIEW

Wafaq Company successfully executed Fencing and Civil Structural Works for the Layla Solar Energy Project in partnership with JAKSON ARABIA LIMITED.

The project involved the complete supply of materials, skilled manpower, supervision, and execution of perimeter security fencing works for one of the Kingdom's renewable energy developments.

Our team played a key role in securing the project site by delivering high-quality fencing solutions and supporting civil structural activities while maintaining strict compliance with safety, quality, and project requirements.

SCOPE OF WORK

- Supply of Fencing Materials
- Installation of Perimeter Security Fence
- Civil Structural Works
- Skilled Manpower Deployment
- Site Supervision & Coordination
- Material Handling & Logistics Support
- HSE & Safety Compliance
- Quality Assurance & Inspection Support

KEY PROJECT FEATURES

- Utility Scale Solar Energy Facility

SERVICE WORK REPORT

PO Number: 6100003302

PO Date: 13/01/2025

Work Description: Dynamo 193 KVA Rewinding, Diode Plate, Rooter Field Coil Rewinding, AVR

OEM: Kohler diesel generator

Model No. 150RE0ZJF

Equipment serial No. SGM322BLS

This Service Report is to inform you that, The Kohler diesel generator model No. 150RE0ZJF equipment serial No. SGM322BLS Servicing work for Dynamo 193 KVA Rewinding, Diode Plate, Rooter Field Coil Rewinding, AVR has been completed as per PO award. The Run test has been completed under the supervision of JAL Team led by Mr. Raqeeb on 13/02/2025 and Mr. Rana Abdul Waheed on 17/02/2025.

As found, the reason for winding damage is due the Fault of EVR (Voltage Regulator). Control Circuit IC board (Kholer Alternator 196 Kva Fotsuel) was also found Damaged which we have been replaced with new IC board even this is not in our actual scope.

During the run test, the diesel generator getting tripped after startup due to EVR (Voltage Regulator) is faulty. Even JAL team tried to operate EVR (Voltage Regulator) the diesel generator manually, Still the result is same. The action needs to be taken is that generator need to be factory reset by OEM. Which is also confirm by JAL Team led by Mr. Raqeeb and Mr. Rana Abdul Waheed. The Generator Factory Reset has not been mentioned in the PO. So, we request you to please take the necessary action for the factory reset of Diesel Generator.

Note: As The Kohler diesel generator factory reset team is not available in open market. Need to call the OEM Servicing Team for factory reset.

Note: The battery is dead for diesel generator which is confirmed by JAL employee Mr. Raqeeb. During the visit for run test. JAL employee Mr. Raqeeb taken the battery with him.
